PRESS RELEASE

“Radford Park Path Work”

Work will be starting shortly to upgrade two paths in Radford Park as part of the planning consent for Bramshott Place. The work will see improvements to the path linking the southern side of Bramshott Place across the bridge and up to the exit to Radford Park leading into Malthouse Meadows. In addition work will be done on the path leading from Malthouse Meadows car park into Radford Park including drainage being laid to reduce the water retention either side of the path.

“The work is due to start on 6 June and will last for about two weeks” said Tony Groves, Parish Clerk. “There will obviously be some inconvenience to the many users of the park over this period, for which we apologise in advance. We would be grateful if people could use alternative routes and note any safety warnings until the work is finished” he added.

The work which was agreed by the Parish Council in April this year, is being carried out by Valley Landscapes Projects and will be funded with £12,000 from Developer’s Contributions held by East Hampshire District Council on behalf of the Parish Council.
