Press Statement

Nursery Provision in Liphook

Bramshott & Liphook Parish Council would like to reassure parents that detailed discussions are continuing with Services for Young Children at Hampshire County Council. These discussions include our united endeavours to achieve a temporary solution for the Willows team and the parents and children currently affected. The discussions will also consider ways to achieve increased nursery provision in Liphook which takes account of the increase in population from new housing developments and the government's aims to increase the hours for free nursery care.

The Parish Council are continuing to work with the Willows management team to agree on alternative premises. This will necessarily involve approval by Ofsted who have been requested to consider this as an emergency situation.

The Parish Council would like to further reassure the public that they are committed to nursery provision in Bramshott and Liphook and will continue to work with the relevant bodies to ensure this remains a priority.
