Equipment: HYDRAULIC PASSENGER LIFT		
1 A number of the existing light fitting have failed. We recommend that the lift cabin lighting is upgraded to LED type lighting including emergency lighting. This will give approx. up to 3 times longer lifetime, 50% reduce energy consumption compare to fluorescent lamp and will reduce possible call outs. This is noted as a way of energy efficiency and reducing the carbon footprint. With regards to customer strategy plans this year for 2021, a lot of customers have contacted KONE to see how they can help improve energy reduction as part of the life cycle in their business.	1	£1,061.98
